

## Backwater valve Multitube DN 250, 1 flap

### Article information

Item no.: 71250  
 GTIN: 4026092011607  
 Price group: 10

### Advantages

- Inlet and outlet with pipe clamp
- Bridgeable outer diameter at least nominal width + 20 mm
- Simple maintenance and cleaning

### Description

The backwater valve for rainwater is equipped with a mechanical flap which closes automatically in the event of backwater.

#### Variant

Mechanical backwater flaps: 1

#### General characteristics

|                         |  |
|-------------------------|--|
| Colour:                 | black                                    |
| Nominal size (DN):      | 250                                      |
| Outer diameter (OD):    | 260 mm                                   |
| Note on nominal size:   | Bridgeable outer diameter of pipe clamps |
| Type of wastewater:     | without sewage                           |
| Installation situation: | underground installation                 |
| Delivery state:         | installation-ready                       |

#### Dimensions

|   |          |
|---|----------|
| Net weight:                             | 19,28 kg |
| Gross weight:                           | 21,9 kg  |
| Vertical drop between inlet and outlet: | 60 mm    |
| Length:                                 | 730 mm   |
| Width:                                  | 455 mm   |
| Height:                                 | 485 mm   |
| Packaging dimension:                    | length   |
| Packaging dimension:                    | width    |

|                      |         |
|----------------------|---------|
| Packaging dimension: | height  |
| Coverage features    |         |
| Cover locking:       | screwed |
