

Chamber module LW 1000 floor slab Access LW 600, 880-1129 mm, Class D

Article information

Item no.: 8740013 GTIN: 4026092065280 Price group: 60

Advantages

- For modular assembly with simple connection segments and intermediate sections 250 and 500 mm high
- Innovative honeycomb structure
- Installation in groundwater up to 3000 mm

Description

The chamber module for wet installation is equipped with all the necessary seals and connecting wedges as well as a taper with vertically adjustable upper section. The intermediate sections made of permanently resistant polymer (PE) have universal connection possibilities. Thanks to the modular KESSEL system, the design can be flexibly combined with intermediate sections, a taper, upper section and cover.

Variant Note on installation depth:

A load distribution slab must be installed on site for load class D

General characteristics	
Colour:	black
Material:	PE-HD
Standard:	EN 13598-2
Installation situation:	underground installation
Delivery state:	Partly for on-site assembly (access steps have been
	pre-mounted in the factory)
Approval:	Z-42.1-527
Dimensions	
Net weight:	108,5 kg
Gross weight:	125 kg
Groundwater resistant from lower edge of base	3000 mm
section:	
Installation depth:	880 - 1129 mm
Type of height adjustability:	vertically adjustable upper section
Length:	1200 mm
